

Panels

The Decofor system is a complete decorative fencing system developed for design oriented and rigid fencing solutions.

Decofor®

BENEFITS

Decorative

Decofor is a professional fence with a contemporary design. The panels are robust and yet extremely elegant and decorative. The panels, posts and gates are perfectly harmonised.

High longevity

The coating technology of Betafence is state of the art and guarantees a high longevity. After galvanising an adhesion coating is applied for a perfect bond with the final polyester coating.

Easy installation

The system is very easy to install. All elements are precisely integrated. The Decofor system allows installation between and on walls.

Complete system

The Decofor system consists of panels of different heights, adapted posts, single and double gates and installation accessories. All of one uniform design.

Applications

The Decofor system is recommended for professional fencing of sites where both rigidity and an attractive design are required: residential buildings, parks, schools, public buildings, swimming pools, pedestrian fence etc...

Panels

The panels are out of heavy welded fence, 2015 mm wide and available in 4 heights. The mesh size is 200 x 65 mm. The wires are very strong: horizontal double wires 8 mm and vertical 6 mm.

Gates

The Decofor system is totally finished and safely equipped with single and double Decofor gates.

Coating process

Panels, posts and gates are first galvanised. Afterwards an adhesion coating is applied for perfect bond with the final polyester coating. The minimum coat is 100 µ (panels) and 60 µ (posts and gates).

Colours

Decofor is standard available in black RAL 9005, white RAL 9010 and green RAL 6005. Other colours on request.

Posts & fixing system

The posts are welded square tubular posts with profile of 60 x 60 x 1,50 mm. For a decorative design the posts are supplied with a metal cap with ball.

Fixation of the panels to the posts by means of metal fixing collars (galvanised and plastic coated) and with security bolts M8 out of stainless steel with self breaking nut.

ASSORTMENT DECOFOR PANELS AND POSTS WITH CAP WITH BALL

Arco width x height (middle of the panel) mm	Recto width x height mm	Height of the posts mm		Number of collars per post
		For anchoring	Post with aluminium floorplate	
2015 x 886	2015 x 762	1500	965	2
2015 x 1086	2015 x 962	1500	1165	3
2015 x 1286	2015 x 1162	1750	1365	3
2015 x 1486	2015 x 1362	2000	1565	3
